

Regulators

Regulators

OVERVIEW

Taprite regulators have the highest flow rate in the industry. Robust design delivers performance, reliability and is unlikely to experience freeze-up problems. Extremely durable and user-friendly polycarbonate bonnets make adjustments a snap! Pull cap to adjust the pressure and push back to lock it in

THE TAPRITE ADVANTAGE

- High CO2 volumetric flow provides continuity in product dispensing
- Primary regulators connect directly to gas source
- Recommended operating pressure be limited to 2/3 of the gauge range for maximum accuracy
- UL approved per UL252 class IV rating for CO2
- Polycarbonate bonnet will not chip, break or fade
- 10 Micron filter built in to keep contaminants out of regulator
- One repair kit for primary and secondary
- Used primarily for Soda and Beer but can be used for other applications.
